PROFILE

Web developer with hands-on experience building and deploying production applications. Builds responsive interfaces for both mobile and desktop with React and Next.js, integrating REST APIs for live systems. MCA graduate seeking a Front-End Developer role.

KEY SKILLS

- **Languages:** JavaScript, HTML5, CSS3, Python, C
- **Frameworks:** React.js, Next.js, Astro, Node.js, Flask
- **Databases:** PostgreSQL (SQL), MongoDB (NoSQL)
- **Concepts:** Responsive web design, JSON, REST API integration, OAuth
- **Tools:** Git, GitHub, GitHub Actions CI/CD

PROFESSIONAL EXPERIENCE

Freelance Software Developer | Ardelis Technologies, Mangalore

April 2026 – August 2026

- Built mobile-first responsive UI for a live marketplace (gentlylove.com) and deployed it to production
- Developed interactive front-end features using JavaScript and React
- Implemented product search and filtering, integrating PostgreSQL queries with front-end components
- Set up GitHub Actions CI/CD pipeline for automated deployment to production server

AI Engineering Intern | Ardelis Technologies, Mangalore

Dec 2025 – March 2026

- Built core front-end features for a marketplace: Google OAuth authentication, product listings with image uploads, and search functionality
- Implemented location-based product filtering using map services
- Developed a real-time chat interface for buyer-seller communication

PROJECTS

Gently Love – Marketplace Platform | gentlylove.com

React, Next.js, Flask, PostgreSQL

- Built a production-ready marketplace for pre-owned children's products.
- Developed responsive product listing, search, and location-based filtering interfaces.
- Connected front-end components to Flask REST APIs and PostgreSQL data.

YouAreMyAI – AI Tools Registry

Astro, TypeScript, CSS

- Built the complete front-end for an AI tools registry.
- Designed reusable UI components search, comparison tables, pricing cards ,responsive across desktop and mobile.
- Added GSAP animations and smooth transitions for an engaging, polished user experience.

Bakery Management System

React, TypeScript, Tailwind CSS

- Developed the front-end for a point-of-sale system: product catalog, billing, and role-based views.
- Created reusable UI components with responsive layouts for desktop and mobile.

EDUCATION

Master of Computer Applications (MCA) | St. Joseph's University, Bangalore 2024–2026

Bachelor of Science (ECsM) | St. Aloysius University, Mangalore 2020–2023
